**Betreff:** [english 100%] Easter Greetings

Dear Elsbeth Grytzyk and all in Traunstein Dekanat.

Let me take this important chance to send my warmly Easter greetings to you friends in Jesus Christ who is risen after been dead.

For we Mpwapwa and Traunstein must be happy to cerebrate this wonderful cerebration because even the partnership which we have is because we are united by Jesus who is alive.

If Jesus is who unite us is not alive even partnership wont be alive.

If Yes, let us continue to ask ourselves that as our Lord is alive, are we doing life things to let Jesus continue to be glorified?. If Yes let us be joyful. And if not let us find ourselves that which things are we doing which don't make our Lord be alive.

The Easter of this year which we are cerebrating is different from the last one because here in Mpwapwa District this year have enough rain rather that last year we thank God about that.

Here in Dodoma Diocese we are cerebrating Easter while we are in many changes which occur for example we have new Bishop, New District and assistant pastors, There are many changes in parishes and in sub parishes many of pastors are transferred.ect

So for us the Easter feast we have is a special one.  
We hope that from now many things we change.

We wish you friends to join us praying for us so that we will cop with these changes.

May the Lord Jesus Christ who is risen make your spiritual life to be alive.

May peace of our Lord be with you all. Amen

Rev. Amon Kinyunyu  
District Pastor.
